[Georgia's business climate ranks No. 1 for second consecutive year](#) [1]

On 03 Nov, 2014

[2]

Georgia has once again been ranked the No. 1 state in the U.S. for business by Site Selection magazine, one of the nation's top economic development trade publications. This ranking was determined by an annual survey of corporate site selectors, as well as a number of additional factors including the States' performance in Conway Data's New Plant Database.
